

Working with Risk

1. What is the proposed action?
2. Whose rights are involved here?
3. What are the potential benefits to the person?

How significant would these be?

How likely are these benefits?

4. What would the person lose if this didn't take place?

How significant would this be?

5. What could go wrong?

How likely is this?

How significant would this be?

What could be done to make this less likely/less significant?

How much would this reduce the risk/significance?

6. Conclusions.
